Wikipedia Displays Blatant Disinformation Once Again

Monday, 13 April 2009 21:06 -

Wikipedia, a primary on-line resource for diverse information, allows anyone to edit their 'wiki' pages. Many are aware through articles published by Reuters and other news organizations that Wiki is a haven for intelligence agencies who also use it as a means of distributing false and misleading information. Recently it has come to our attention that an edit was made to the "9/11 Conspiracies" page containing factual errors and disinformation regarding Flight Data Recorder (FDR) analysis.
