

I have heard it for the entirety of my 61 years of life—Israel's 'Right To Exist'. In fact, in recent memory I have heard this phrase more than I've heard 'Happy Thanksgiving' or 'Merry Christmas' or even 'Have a Good 4th of July'.

Israel's 'Right To Exist' has virtually bankrupted the United States, and all of it off the backs of hard-working Americans for the last sixty years. We've given Israel untold billions of dollars NEVER TO BE REPAYED, to say nothing of the military hardware in the billions we (I should say the United States) just flat-out gives them, including free training for their fighter pilots.

It's time we cut this step child Israel lose and let her make it on their own. No more wars for Israel. No more money, no more nothing. If Israel wants money let her people earn it. If they want a war LET THEM FIGHT IT ON THEIR OWN. NO MORE AMERICAN BLOOD OR TREASURE SPENT ON ISRAEL'S 'RIGHT TO EXIST'.
