

In addition to relieving the symptoms of diabetes, bitter melon is used in traditional Chinese medicine to promote digestion, brighten the eyes and cool the body.

"Not just diabetes, [but] for people keep slim, weight loss - even for ... cholesterol," said Benny Fan of the Australian Chinese Medicine Association. **Fan says he has been promoting bitter melon as a natural remedy for 25 years**

TVNL Comment: And during those 25 years the American establishment media never told you about it!
