

I watched BBC World News for a timed hour yesterday. In that time I saw:

- Pro-Israeli (including US government) speakers - 17
- Pro-Palestinian speakers - 2
- Mentions of Hamas Rockets as reason for war - 37
- Mentions of illegal Israeli settlements - 0
- Mentions of Palestinians killed by Israel during "ceasefire" - 2
- Mentions of Sderot - 12
- Mentions Sderot used to be Palestinian - 0

If you don't believe me, try it yourself.
