

During the early 60's, water-treatment facilities became standardized across America - small amounts of CHLORINATION effectively wiped out polio viruses. The conquering of polio had NOTHING TO DO with the vaccine needles and swallowing sugar cubes. In fact, as author Ed Haslem documents so well in his book, *Dr. Mary's Monkey*, the Sabin vaccines were actually contaminated with mutated GREEN MONKEY VIRUSES (SV-40 viruses to be specific) which has caused untold millions of SOFT-TISSUE CANCERS and deaths worldwide. (The cancer "industry" has reaped BILLIONS of dollars from this "contamination" over the years, of course.) Dr. Maurice Hilleman has actually confessed as being a part of this very activity.
