

The late Sherman Skolnick proved himself over the years to be one of the most astute and accurate American investigator journalists. As the main pillar of American journalism, he simply did not have any match. He alone has put to shame all the US media with his meticulous investigations, as well as being responsible to the removal of corrupt judges and others. It is with great honour and humility in memory of this giant American journalist that we are bringing to you his research about Rahmbo. I hope that these warnings by Skolnick will prepare our readers for what is coming very soon.

Most people don't know of Rahm Emanuel's frightening past. After President Clinton's election many years ago, one day Rahm Emanuel, Obama's future chief of staff, allegedly named each of the enemies of the Clinton campaign and then stabbing the table with a knife while yelling "dead!" after each name prior to stabbing the table. When you probe deeper into Congressman Emanuel, you find that he is the son of an Irgun Fighter, the same Irgun that blew up the King David Hotel in a terrorist bombing and killed British Military, who were classified as Terrorists by the British in Palestine but from the Israeli perspective were looked upon as freedom fighters. Rahm when he turned 18 was enlisted in the Israeli Defense Forces. He is know as RAHMBO for his pitbull posture!
